

## Four Roads Cross: A Novel of the Craft Sequence

From Max Gladstone, the new novel in the series praised by NPR as sharp, original, and passionate. In *Four Roads Cross*, the great city of Alt Coulumb is in crisis. The moon goddess Seril, long thought dead, is back--and the people of Alt Coulumb aren't happy. Protests rock the city, and Kos Everburnings creditors attempt a hostile takeover of the fire gods church. Tara Abernathy, the gods in-house Craftswoman, must defend the church against the world's fiercest necromantic firm--and against her old classmate, a rising star in the Craftwork world. As if that weren't enough, Cat and Raz, supporting characters from *Three Parts Dead*, are back too, fighting monster pirates; skeleton kings drink frozen cocktails, defying several principles of anatomy; jails, hospitals, and temples are broken into and out of; choirs of flame sing over Alt Coulumb; demons pose significant problems; a farmers market proves more important to world affairs than seems likely; doctors of theology strike back; Monk-Technician Abelard performs several miracles; The Rats! play Walshs Place; and dragons give almost-helpful counsel.
