

Awakenings (A Witches Coven Novel) (Volume 1)

This is the first book in the Witches Coven Novel series. Awakenings will captivate readers who love New Adult fiction filled with fantasy and magic. The Witches Coven Novel series is a perfect match for fans who have read Jacqueline Carey's Kushiel's Legacy series. Awakenings contains several mature and graphic sex scenes that are not suitable for younger readers. A witch of formidable illusions, Sabrina runs a coven and has settled down to teach initiates in the ways of magic. But when her initiate Alessia asks for her advice and brings back painful memories for her, wheels are put into motion that bring Sabrina's past as a servant in one of the great houses in the magical world of The Realms into the forefront. Bound when young in servitude to Thaddeus, one of the great house lords, Sabrina tries to outlive her past, but the choices she made then have always been a specter chasing after her. When an ancient evil haunts her and tries to destroy her and Alessia, Sabrina fights back until she realizes that there is no way for her to undo the mistakes of the past. Instead she needs to find another way to survive and save Alessia and the rest of her coven. To right her wrongs and save her coven, Sabrina must face her greatest fear: the truth she's hidden for nearly twenty years. But ancient evils do not care for truth and only want vengeance on her for what she has done.
