

The Swordsman of Tanosa: A Short Tale of the Middle Sea

The Swordsman of Tanosa is a short story of approx. 5,000 words (16 pages). For Bafion, there is no farther to fall. Once a banneret, officer, and gentleman, he is none of those things now. He is a swordsman who has slipped through the cracks of society and is eking out an existence as a thug for hire. Bafion is presented with the opportunity to reclaim some of what was lost to him, but to do so will mean facing part of his past that he would rather forget. The Swordsman of Tanosa is a swashbuckling fantasy short story set in the same world as the Society of the Sword trilogy.
