

The Darkness Comes: The Second Book of the Small Gods Series (Volume 2)

You have brought to me Vesidenperos, the sculptor. The one born to ensure the return of the Small Gods. When shadows fall, the darkness comes... A disgraced Goddess Mother wanders blind and alone, praying for her agony to end. When a helpful apostle finds her, could it truly be salvation, or does worse torment lie ahead?

A sister struggles to understand a prophecy that may not be meant for her while her brother fights for his life. If the firstborn child of the rightful king dies, will it spell the end for everyone? Darkness and shadow creep across the land in the form of a fierce clay golem animated by its sculptors blood. It seeks a mythical creature whose sacrifice portends the return of ancient evil banished from the world long ago. With its return will come the fall of man. As the game unfolds, the Small Gods watch from the sky, waiting for their time to come and their chance to rise again. They wait for the fall of shadows, the coming of the darkness. They wait for night to descend. I was hooked, once again, by the time I was into the first page. I cant pin point what it is, but Bruce has a writing style that just sucks me in and holds me in his books. - J Thompson, Amazon Reviewer Bruce Blake has the unique ability of capturing so effortlessly and effectively every possible emotion a character is feeling which is truly impressive.
