

## Diamond In The Rough (Bodie Kendrick - Bounty Hunter Book 3)

Bodie Kendrick wasn't in time to stop the stagecoach from being ambushed, but he did manage to save the lives of the driver and most of the passengers. Among the latter was Amelia Gailwood, a freelance journalist working on the story of a lifetime. In order to try and make sure her lifetime doesn't end too soon, Kendrick agrees to hire on as her protector while she continues to chase her story. The chase will take them from the gunfire-laced streets of a rowdy mining town, to the smoky mysteries of an opium den, across a punishing desert, and into beautiful but treacherous remote mountains. At the heart of their quest is a legendary gem from the time of Caesar and Cleopatra. But before they can lay claim to it so Amelia will be able to reveal it to the world and tell its fascinating history, they will have to survive betrayal from within and menace from fierce mountain Apaches all the while eluding pursuit by a pack of hired guns who will stop at nothing to seize the stone for their unscrupulous employer. Three-time Peacemaker Award-winning author Wayne D. Dundee spins another exciting yarn of grit, gunfire, and gallantry in the Old West! Read *Diamond In The Rough* and find out why his work continues to win praise and gain followers.
