

## Go de Rass to Sleep (A Jamaican Translation)

The bestselling Go the F\*\*\* to Sleep has been translated into over thirty languages worldwide. Now it is finally translated for Jamaican and other Caribbean parents of the world. Go de Rass to Sleep is a bedtime book for parents who live in the real world, where a few snoozing kitties and cutesy rhymes dont always send a toddler sailing blissfully off to dreamland. Profane, affectionate, and radically honest, California Book Award - winning author Adam Mansbachs verses perfectly capture the familiar - and unspoken - tribulations of putting your little angel down for the night. In the process, they open up a conversation about parenting, granting us permission to admit our frustrations and laugh at their absurdity. Go de Rass to Sleep is beautiful, subversive, and pants-wettingly funny - a book for parents new, old, and expectant. You probably should not read it to your children. Please note: This audiobook is in Jamaican Patois.
