Ted Finley was your typical, wise-cracking teenager until an otherworldly force gave him abilities beyond his wildest dreams. **Erica LaPlante** was six-feet-under when a blast of blue light brought her body back to life. When an interdimensional war breaks out, Ted and Erica must use everything at their disposal to save their friends, the town and... well, the world. * * *

Ted Saves the World (Book 1) Ted Finley was average in every conceivable way until powers from another world made him a hero and a target. After an unintended public display of his new abilities, Ted has become an instant celebrity and the target of a gang of undead thugs. Sixteen-year-old Erica LaPlante was a corpse when a powerful blast of blue energy pulled her out of the earth. Armed with the consciousness of a fierce warrior, Erica must keep her teenage urges at bay to protect the newfound hero. When sparks fly between Ted and Erica, Erica wants nothing more than to hide who she really is and the dangerous mission they must face. But when their school comes under attack, Ted and Erica must band together to protect their friends, their town, and the entire freakin planet. * * *

Mind Over Easy (Book 2) Ted Finley thought being a teenage superhero would make life easier until friends and foes began taking sides in an escalating war. Between fighting crime, ignoring the growing Go Home Alien movement and fielding recruitment offers from the federal government, Ted's world is growing more complicated by the day. His one saving grace is his budding romance with Erica LaPlante, a light soul from another world in the form of his dream girl. Erica is falling for Ted too, but she's also keeping secrets from him to preserve her mission. As Ted, Erica and the rest of the team cope with the

fallout from their battle against the dark souls, a new evil ascends on the town with the ability to control what they think, see and feel. Erica's secrets may hold the key to winning the battle but revealing them could sacrifice the war. * * * Portal Combat (Book 3) As the barriers between worlds start to crumble superhero Ted Finley must battle his greatest enemy yet. After a summer spent protecting the vulnerable from natural disasters, Ted couldn't be more excited to return home for his senior year of high school. While he dreams of training with and dating his protector, Erica LaPlante, life as a teenage superhero continues to get harder. A cunning presidential candidate, a disgruntled gatekeeper between realms, and two familiar villains threaten to end Ted and Erica's mission, as well as the world. When a new and powerful enemy emerges, Ted and Erica must choose their allies wisely to keep a deadly army at bay. If they fail, the people they know and love will find themselves on a planet-wide battlefield. Grab your copy now. Save 20% over buying each book separately. Scroll up and buy it today!
