

Bomanis Stand

When a bully begins to create mischief in the neighborhood, Bomanis has to make a choice. Will he be a coward or a warrior? Bomanis Stand is the latest book in the Nilajahs Series. This book teaches important lessons in manhood that both boys and girls enjoy and benefit from. Angela Freeman's Nilajah Series is centered on the dynamics of loving Black families. By exploring the relationship between family members, many topics facing the Black community are addressed in age-appropriate ways. This series is designed to combat the degeneracy and myths of inferiority that Black children are inundated with daily through mainstream media outlets. As with all Angela Freeman Books, this is made for adults and children to read together. Doing so encourages dialogue between the generations. Children tend to ask many questions during and after reading this book. Make the most of their questions by encouraging them to think critically to find answers. Enjoy!
