

Infernal Angel

A TOUR OF HELL In this latest installment of horror-master Edward Lees critically acclaimed INFERNAL series, join hybrid demons, zombie prostitutes, and Fallen Angels as they journey through the smoking, blood- and-gut splattered streets of the MephistopolisLucifers eternal city of the damned. A cityin Hell. Thats what Hell is now, an endless metropolis spiring with black skyscrapers, raging in eternal horror. The moon is black and the sky is the color of blood. Screams rip down streets and through alleys, carried by malodorous winds. The people of this place trudge the sidewalks back and forth, to home, to work, to stores, etc., just as they do in any city. Theres only one difference. In THIS city, the people are all dead. Now, two normal living humans, humans just like you, have discovered the most time-held occult secret. They have the ability to enter this city of the damned, but with powers greater than even a Fallen Angel. Theyre angels themselves nowinfernal angels. One means to foil the most monstrous plot ever devised, the other means to set it into action and bring all the evil of Hell to the Living Earth. Join them on their journey. Join them in the guts of the City Infernal **WELCOME BACKTO HELL**
