

The Adventures of Connie and Diego / Las aventuras de Connie y Diego

Tired of being teased because they were born with different colors all over their bodies, Connie and Diego leave the Land of Plenty. They journey through a forest and meet a big brown bear. You cant live with us, growls the bear. Then they reach the ocean and beg the mother whale to take them into her family. Impossible, she says. A swooping eagle loves their beautiful colors and invites them to fly home with her. But alas, they cannot fly. Finally, the tired children stumble through a scary jungle where a wise tiger helps them understand that their home is with human beings.
