

## The Right Light: Lighting Essentials for the Home

The right light makes the room. It sets the stage for our lives, creates a comfortable environment, and enhances home decor. Bring a new brilliance to your home with this expert guide that demystifies all aspects of lighting your home. The Right Light examines a wealth of lighting sources, types, and styles. It shows you how to find and use the best light fixtures, how to create mood with lighting, and how to balance the functional and aesthetic aspects of lighting throughout your home on a room-by-room basis, and even outdoors. Read The Right Light and discover how to custom-design your own lighting to decorate your home. -Detailed lighting plans for your home, and inventive ways to use the lighting resources you already have in place. -Decorative tricks on how to use lighting to enlarge your space, make it more intimate, and give it more height. -Lighting design tips on working with color and light, designing concealed lighting, and turning a garden into an outdoor room. -Eight beautiful handcrafted lamp projects to help you make your own lamps and light fixtures.
