

## Demon Lovers: Succubi

Welcome to the world of the succubus. She visits your dreams, or she visits your bed. She is sex incarnate: hot, irresistible, and oh so willing. Willing to seduce you, or to destroy you whatever feeds her needs of the moment. Join us in this collection of tales about succubi and their encounters with human lovers. Thirteen authors share their vision of the succubus, the legendary creature who feeds on sexual vitality and energy from her victims. Must an encounter with a succubus always be deadly? No but it is always memorable, for the person she takes into her embrace has something she wants and cannot live without. Revenge, redemption, loss, lust, desire and love are some of the places these stories will take readers as each succubus reveals a facet of her unique existence. Genre readers of paranormal romance, urban fantasy, fantasy and science fiction will find gems to delight in in this collection. Authors are a mix of new voices and established writers, including Mary Roberts Rinehart Award nominee Diana Pharaoh Francis, two-time Nebula Award nominee JenniferPELLAND, Deborah Teramis Christian, whose work has been considered for the Tiptree Award, and Laura Antoniou, whose Marketplace series has been lauded as setting the standard for contemporary SM erotic fiction.
