

## Inner Landscape: Poems

A strong-willed and emotional collection hidden under a well-groomed landscape of words. With her debut collection of poems, *Encounter in April*, May Sarton made an incredible splash in the world of poetry. Her work is impossible to imitate: a mix of stately verse and depth of emotion that lurks beneath every line, creating a tantalizing, magnetically charged distance between reader and poet. With *Inner Landscape*, Sarton beckons us forth while eluding easy understanding, in a volume that brilliantly walks the line between enticing and satisfying.
