

Scornful Sadie (Dark Sorceress) (Volume 1)

A war is brewing... Heartbroken and lost, Sadie left her family when she was only sixteen to fight evil. Years of searching out and destroying the vermin of the supernatural world have left her ruthless and jaded, and powerful. Sadie's success has made her a target, and a series of cryptic warnings leaves her questioning what is being asked of her. But nothing in her past has prepared her for the obstacles she now faces in trying to rid the world of a resurrected evil that no one saw coming. She finally comes home for the chance to re-discover her first love, Aiden. Does she have the power to restore Aiden's memories and hold on to her love for him, while battling for humanity and her life?
