

Marked (Secrets of the Djinn Book 1)

I always thought the devils eyes would be red, not blue... After waking from a horrendous car accident, med student Skye Rowan finds her life has been tipped upside down. On the run from blue eyed, demonic creatures who will stop at nothing to find her, she turns to a family of hunters for help. Irresistibly drawn to each other, she brings with her the handsome doctor who cared for her in the hospital. But they soon discover this isnt the first time their paths have crossed. In a life neither of them remembers, they were once tangled in a web of betrayal that drove them apart and a war began in the ashes of their love. Is it too late to salvage what they once had?
