

EVERYTHING SPEAKING CHINESE - Enhanced, Revised Edition

The seventy-six meditations, prose and tone poems on the Southeast Asian landscape, evoke correspondences in aesthetic, cultural, social, and spiritual realms. Sensory experience of Asia and Asian is remade with an outliers freshness that weighs Cathay with Christmas, traditional-rich heritage with the breathless poor and rickshaw baggage culture. Its landscape of vision recreates one art of-a-piece with blissful invisible people whom you can almost hear/as fresh Asian spirits not yet setting out from the other side.
