

## Ivory (The Ivory Saga Book 1)

As a child in the desert kingdom of Gryth, Ivory witnessed the brutal murder of her parents at the hands of a sinister race known as the Leecs. Now Queen of her people, a vengeance-fueled Ivory launches a final battle to annihilate the enemy once and for all. But on the eve of war, betrayed by her own kind and left in the hands of the Leecs, she's forced to learn the shocking truth about their two peoples, and the diabolical curse that plagued them for centuries. Armed with newfound knowledge and unexpected allies, Ivory must face the real enemy that haunted her all her life, and make a choice that will mean the difference between a new beginning and the end of the world. Ivory is an exercise in duality made reality; an exploration of darkness and light, male and female, sun and moon seen through the eyes of two cultures ripped apart by an ancient evil whose pain resonates through the ages like the beating of a drum.
