

Jalia in the North (Jalia - World of Jalon Book 2)

Jalia and Daniel continue their adventures north to Ranwin, the fabled City of Glass. What they do there changes Daniel forever and he is forced to confront the man he has become. Now as much warrior as trader, he and Jalia head east along the ancient Magicians Road. Heading into the heartland of the slave trade and following the lure of gold. Action and adventure with a smattering of magic. In this book we learn a little more of the destiny of our two adventurers and meet the mysterious prophet who even the Fairie respect and fear.
