

La abeja de mas (One Bee Too Many) (Alfaguara Infantil) (Spanish Edition)

One fine day, the bees called for a grand assembly in the beehive. The purpose of the meeting? To discuss why it was that they were always all squashed together in cramped working conditions. After many complex computations, equations and calculations, they realized that there was one bee too many in their beehive! The bees panicked: Who was it? How would they identify her? And once they did, what would they do with her? Through entertaining illustrations and humor, this delightful story explores such serious topics as prejudice and tolerance.
