

Warbound (Grimnoir Chronicles)

New York Times and Wall Street Journal best-selling author. Gritty urban fantasy set in an alternate noir 1930s. A tough P.I. battles an interdimensional monster that wants to suck magic power out of the world and in the process destroy it. Sequel to Hard Magic and Spellbound. Book Three in the Grimnoir Chronicles. Gritty urban fantasy adventure set in an alternate noir 1930s, Book Three in the Grimnoir chronicles. Only a handful of people in the world know that mankind's magic comes from a living creature, and it is a refugee from another universe. The Power showed up here in the 1850s because it was running from something. Now it is 1933, and the Powers' hiding place has been discovered by a killer. It is a predator that eats magic and leaves destroyed worlds in its wake. Earth is next. Former private eye, Jake Sullivan, knows the score. The problem is hardly anyone believes him. The world's most capable Active, Faye Vierra, could back him up, but she is hiding from the forces that think she is too dangerous to let live. So Jake has put together a ragtag crew of airship pirates and Grimnoir knights, and set out on a suicide mission to stop the predator before it is too late. About the Urban Fantasy of Larry Correia: [A] no-holds-barred all-out page turner that is part science fiction, part horror, and an absolute blast to read. Bookreporter.com If you love monsters and action, you'll love this book. If you love guns, you'll love this book. If you love fantasy, and especially horror fantasy, you'll love this book. Knotclan.com A gun person who likes science fiction or, heck, anyone who likes science fiction will enjoy [these books]... The plotting is excellent, and Correia makes you care about the characters. I read both books without putting them down except for work ... so whaddaya waitin' for? Go and buy some ... for yourself and for stocking stuffers. Massad Ayob This lighthearted,

testosterone-soaked sequel to 2009's Monster Hunter International will delight fans of action horror with elaborate weaponry, hand-to-hand combat, disgusting monsters, and an endless stream of blood and body parts. Publishers Weekly on Monster Hunter Vendetta
