

Lets Talk About Where Babies Come from: A Book About Eggs, Sperm, Birth, Babies, and Families

This clear, lively information book about sex and reproduction covers all the main areas: babies, reproduction, bodies, chromosomes, genes, growing up, love, health and lots more. As before, the information is imparted simply and reassuringly with humorous commentary from an inquisitive bird and a squeamish bee and very friendly full-colour cartoon-strip illustrations. Created by the author and illustrator of Lets Talk About Sex, this forthright and funny book has been newly updated for its fifteenth anniversary.
