

## My Very Favorite Art Book: I Love to Draw Dogs! (My Very Favorite Art Books)

The newest entry in Jennifer Lipsey's acclaimed series proves that man's best friend can be a child's best artistic inspiration. Bright and beautifully designed, *I Love to Draw Dogs* is alive with colorful suggestions for young artists, plus instruction on how to draw their favorite pups. As always, the left page of each spread takes kids step-by-step through the whole drawing process. They'll learn to create their own unique dogs, including puffy poodles, lively Labs, springing spaniels, and massive Malamutes. The right side places each animal in a setting, providing children with even more great ideas for their own pictures. Will their dog curl up in its special bed or sleep at its owner's feet, play fetch in a field of flowers or jump for joy chasing butterflies? The decision is the artist's alone! And with everything from tiny toy Chihuahuas to mischievous mutts to choose from, who can resist? Because there's minimal text, even pre-readers will be able to follow along easily.
