

Lionmeade

A kingdom rife with rumors of the evil that lays in wait on the fringes of the woods. Fairy tales of curses, animalistic beasts, and an inhuman prince. Lady Bethel has heard the stories all her life, but what she once thought were just stories told to keep a child in line could prove to be so much more. The daughter of Lord Voril of Banderling, Lady Bethel spends her time following in her late mothers footsteps, caring for the sick in the villages surrounding Banderling Mayne. While traveling home after dark, against her fathers warnings, Bethel and her guards are attacked by what she thought were wild animals, but she couldnt be more wrong. When she awakens, she cant remember much, but she remembers voices. Particularly oneher savior. Adain has taken it upon himself to hunt down the beasts that threaten the kingdom. The number of attacks grows, but he will stop at nothing to end the monsters he knows all too well. Having been in exile all his life, he must remain the faceless benefactor to Lady Bethel, despite his growing feelings, for she can never know the reality of his world. Tales will be told, truths will come to light, but above all, love will reign.
