

Love Poems

Apart from being a prolific novelist, Danielle Steel writes poetry. This is a collection which covers her thoughts and feelings over a period of 15 years. This is a special book about special people. People who loved me, and whom I have loved. People who have brought me joy beyond measure, and sometimes incredible pain. People I have hurt, sometimes more than I can bear to think about. People who have hurt me, sometimes more than they know. Yet each of their gifts has been precious, each moment treasured, each face, each smile, each victory, each defeat... in retrospect all of it is beautiful, because we cared so much.
