ONLY 3.99\$ (SAVE 71% - AMAZING PRICE instead of 13.94\$ if purchased separately) *** Book Fourteen: Eye of the Beholder Apple Muldoon is an artist who has fought her way tooth and nail out of a difficult time, and finally, she has achieved the skill and the recognition to show her work at one of the finest art galleries in Colossal City. At the gallery showing, she rubs shoulders with some of the city's best and brightest, including members of the city's superhero force, but the person who commands all her attention is the handsome caterer who introduces himself as Alexius Bellaron. After a charged encounter, Apple cannot believe what she is feeling, but she would have a harder time believing that the man she spoke to was the last alien prince of a destroyed planet!

Book Fifteen: Scars of My Past As Bellaron butts heads with the other heroes of the city, Apple finds herself confronting a burned monster out of a nightmare. The handsome caterer finds her again and comes to her rescue, leading to the ignition of a fiery passion that threatens to consume them both. Soon enough, however, it becomes clear that both Apple and Bellaron are keeping secrets, and this could have disastrous consequences for both of them!

Book Sixteen: Glory in Victory Belleron's history and Apple's own troubled past have been revealed, and both hero and artist have fled to mend their own broken hearts. However, neither have the time or the opportunity to mourn because the angels, the terrible beings that destroyed Belleron's planet, are back, and they are on a mission to destroy everything in their path. In the charged conflict, Bellaron must fight the enemies who defeated him, and Apple must confront her own fears.

Book Seventeen: The Storm to Come Apple and Bellaron have settled into a quiet existence, though with a baby on the way and super villains to fight, there's always plenty going on. In the blink of an

eye, however, a peaceful day turns into the beginning of a terrible battle, one that will endanger the entire city. Bellaron must face an ancestral foe, and Apple does what she can to save the people around her. Book Eighteen: World at War Ace journalist Vicky Campbell and her millionaire superhero husband Bryan Hillman race the clock to find Apple Muldoon, the woman who can turn the tide of a vicious battle. They face a panicked city and a fight that is only barely contained. Before the battle is over, love is tested, love is found and love is lost forever. Book Nineteen: A Hearts that Beats Only for You After the devastating battle against the angels, Lynxars powers have multiplied even as his mind is tormented with loss. The other heroes of Colossal City are torn and cannot risk approaching him, but the only person who does not give up hope is his beloved Rachel. Leaving her child behind, Rachel enters the forest to heal her troubled love. *** Genre: Erotic Romance / Sci-fi Romance / Superhero Romance / Werewolf Romance, length: 43,690 words. ***
