

Markings

Celina Bayberry never thought a part-time job could change her life until she meets the hot and untouchable Aaron Jamison. Strangely enough, she can't shake the feeling that he's stalking her. And when a yellow-eyed stranger takes interest in her too, Celina discovers a dangerous secret: her co-workers are Miew Demos--creatures linked to Bastet, the feline goddess of Egypt. Celina's new friends, members of a clan called Miewes, are shifters who can transform from human to feline in an instant. They, and she, are being hunted by a wolf clan, the Iew Keftey, who will not rest until every last one of the Miewes is annihilated. Celina's life unravels as she is thrust into this age-old battle of brother against brother. Meanwhile, she is losing her heart to Aaron who may or may not have lost his to her. And her own Bayberry family history is hiding something... something that will forever link her destiny with that of the Miewes. She and the clan need each other, but is either strong enough to face what is to come?
