

Memories of Murder (GEM Paranormal Mysteries Book 1)

When Maeve McKenna renounces her witch powers and accepts a low-key nurse practitioner position at a Virginia retirement community, the last thing she expects is a suicide her first day on the job.

As the towns sexy sheriff, Paul Sutton, starts looking into the tragic death of his fathers friend, Maeve cant help but get involved--with both the case and him. Their informal investigation unveils an old journal that connects the ruins of a nearby asylum and long-forgotten cemetery with the shiny new retirement communitys memory unit--and Maeves Alzheimers patients. Maeve senses a sinister presence in the old asylum, calling to the patients, but in order to stop it from killing again, she must first conquer some demons of her own and reclaim the magic shes denied herself.
