

Michals Window

Its not easy being a woman, least of all princess of Israel. Married as a prize, abandoned as a wife, Michal fights to claim her rightful spot next to King David, the man she loves with all her heart. Separated by war, concubines, and kingdom politics, Michal embarks on a journey of adventure and heartache where she is befriended by a goddess-worshipping priestess and tempted by a Philistine prince. From reading scrolls high atop the palace walls to seduction with a henna-painted body, Michal is not your ordinary Bible heroine. Join her in Michals Window and let her delight you with her courage, devotion, and outrageous passion in her relentless drive to win back her husband. This edition has smaller margins and no gap on top of the chapter headings to be more economical.
