

Blood Lust (The Blood Sisters) (Volume 1)

If you love the Winchester Brothers, then you're going to love The Blood Sisters. Hunting demons and saving people is what they do. On the trail of a gang spreading demon essence drugs through the mid-west, a bounty on their heads has been issued. Demons are after The Blood Sisters to collect a massive bounty and that's when things get personal. Jessica's sister, the passive healer, Amanda is kidnapped. Now she'll go to the ends of the Earth to find her sister before they use pure blood to open the gates of hell. Manic at the idea of her sister being destroyed, Jessica has no choice but to team up with bad boy demon hunter Duncan Jasper and his rag tag gang of bikers to stay alive. For Jessica the only thing tougher than fighting demons is fighting her attraction to Duncan. But with demons charging from the front, the underworld gunning from behind, and with a spy in their midst, Jessica's fight for survival is just beginning.
