And at the Three Wishes Boutique, the customer may not always be right, but he may possessed. Three Nancy Werlock stories (12,200 approximate word count) Rank and File Something is killing Justicars, a lemure is still on the loose, and the Nine are still poking their noses into her business. But Nancys biggest problem right now is making sure Houston doesnt embarrass her by failing his Rank Five Trials. The Lemure Lee the Lemure isnt exactly cooperating with Nancys plans to capture and banish him. When he shows up at her shop asking to talk, Nancy realizes she may have stumbled across the first unbound demon that feeds its vice by being nice? Til Death Do Us Part In a political gambit to counter the still mysterious plots of the Lord Advocate of the Eights of the Nine, Nancy agrees to apply for her Rank Two trials. Unfortunately, the trials involve performing a dangerous binding ritual she isnt sure she is ready for. More unfortunate, her apprentice has hatched a plot of his own to help her than might make the matter worse. This is episode five of the series.
