

## Ferrasium: Book 1 The Windflowers Trilogy (Volume 1)

Murder, mystery, and magic in a land reminiscent of Ancient Egypt. You'll be trained as feminators, to fight death bouts for the priesthoods entertainment. You will never leave these iron-impregnated walls. Welcome to the Ferrasium. For centuries, guided by the Destinys Oracle, the Bera-Bera tribes have guarded the secret of the windflowers. The High Priest Seraphis covets Pharaohs throne and his minions scour the desert sands, seeking two ancient artefacts of unrivalled power. Kallis fight for survival begins when the Priesthood uncovers her talent for forbidden magic. Thrust into their killing arena shes forced to fight or die. No one has ever escaped from the Ferrasium, but Kalli knows she must or her younger sister will face the same fate. How can a small band of pygmies, a tomb robber, and a magically untrained girl compete against the might of the Priesthood? Ferrasium is a fast-paced thrilling ride in an exotic fantasy world with rich characters and vivid imagery. I cant wait to read the next one! Contains adult themes.
