

Techromancy Scrolls: Soras (Volume 2)

Laney Herder and Lady Celeste, are called upon by the Lupei of the Mountain Gypsies as their Soras, to help free their leader who had been kidnapped, and to stop a war between the realms of Sparo and the Gypsies. Again, Laney is thrown into a world and politics that seem alien to her. She must follow her heart to do the right thing when all seems lost in a foreign land, when she stands against the swords of a nebulous enemy and the magic of one of the most powerful magic users of all time. Can patience and understanding prevail in the face of an impending war that could change the face of the modern world?
