

The Bite Collection (Bytarend)

Who says fantasy has to take itself so seriously? Bytarend is a town filled with misfits and outcasts with nowhere else to go. They want a different world, one where they're not crushed at the whims of a noble or evil magician. The odds of them succeeding are impossible. Whole kingdoms are built on the old way of doing things. But they're willing to fight the world that tried to crush them. The Bite Collection contains all six books in the highly-rated Bytarend fantasy series. If you love fantasy and like to laugh, grab a copy and hang on tight. Buy this book and read the entire series today! Included in the collection: The Bite on the Line Clinging to the bar running along the front of the platform, Sergeant Osric has a lot of time to think about how he got there. About how he's shooting through a forest on a rocket-powered railcar. About how a grinning thief is clinging to the same bar beside him. Most of all, though, about how he's heading for Bytarend; a town no-one has heard from in almost a hundred years. There has to be a reasonable explanation for their silence, after all. Osric tries to think of a reason that doesn't end in his horrible death..... he can't come up with one. The Bite of Minds Tondbert and Isabelle have found the cutest, most adorable little creatures out in the forest. They're fluffy, harmless little bundles of fuzz. So why do people and livestock back in Bytarend keep turning up dead? The Bite of Death Lila Deadwhisper is an assassin. Trained from the age of four, she costs a king's ransom to hire for a reason. She never fails, and she just got a new contract to assassinate Tondbert Payne. The Bite of Forest Dark Jenni Styrn is staring down at a town with a dark shadow over it. Caedin Tegart, scourge of Graefditch, has just arrived by train to pull Bytarend back under the duke's rule. Tegart is vicious, with a roving eye for the younger women of the town. No one can stand against him and live. The Bite of

RustAt the top of a high mountain, on the edge of a vast desert, the Fortress of Rust waits. The home of the greatest assassins in the world, no one knows their secret. Every fourth year they take in a hundred four-year-old girls and turn out one master assassin. The assassins of the fortress topple kings, move borders and end dynasties with their skills. The Bite of a King Lila, Tondbert, Isabelle, Jenni and Osric have a problem. King Tallon Tyre has heard of their rebellion and hes not a man to cross. Hes bringing an army of twelve thousand to crush them all, to drive them so deep into the dust, no one will even remember they were there. The Bytarend fantasy series will have you breathlessly tearing through the pages. Non-stop action from the first page to the last, with plenty of humour along the way. Pick up a copy today.
