

Through The Runedoor: Book II of The Golden Scorpion Saga

Forged in the Great Basin, a desert land where it never rains, but into which the waters of neighboring lands all drain, Istolibba has arisen on the backs of its slaves. Enslaved by these same neighbors since ancient times, its people have only recently turned the tables. With witches who embody elemental forces, war priests who cast spells through their tattoos of death and destruction, a trophy room packed with the preserved body parts of beasts and monsters and the weapons and even hands of the human gladiators who faced them, whirling prophecies, obsessed witch lovers, a fungus farm run by bipedal, talking plantmen and a magical looking pond, Through The Runedoor is a captivating tale. Yet in the end its about one mans desperate attempt to escape from it all and return home. Hovering soul forced back into his broken body, Solo Om, the Golden Scorpion of the Pamploon Arena, is brought back to life against his will. Rushed to the Coven, Yssi and the other witches force him to ingest a supernatural parasite that fully restores his health. Living inside him, this laamasu also grants him the ability to absorb minor powers from the witches, making him all the more formidable. Prophesied not to die in the Arena, but to impregnate the entire Coven, Solo uses his newfound powers to try to escape yet again. Changelings sure to mature into more witches and sorcerers to help the Istolibban Empire conquer other lands, as they did his Storm Coast, hed rather die. Also prophesied to lead a slave revolt here in the capital, he needs to make his way home and incite one there. Solos gladiator pal Boswin was sold to the Sunken Palace prior to his last bout. Now working for the Prefect, the brilliant, albeit sarcastic young man is tasked with using this wicked old sorcerers looking pond to spy on their human enemies and their inhuman minions, poised to invade should Istolibba descend

into the anarchy of a slave revolt. Playing with his new toy, Boswin witnesses a shapeshifting assassin called the Chimera strangle the ruler of the Kluuo Wizardcracy. Aided by a tiny, levitating sorceress he accidentally freed during a previous escape attempt, the Golden Scorpion uses a runedoor to teleport to the edge of the Great Basin. Trudging across the dunes in the moonlight, all is going well until hes spotted by a goddess made of sand.
