

## Wanderings of a Vagabond: An Autobiography (Classic Reprint)

Excerpt from Wanderings of a Vagabond: An Autobiography In all Europe no lovelier view meets the eye of the tourist than that seen from the summit of the Dragon Mountain. For more than sixty miles the eye may trace the windings of the beautiful Rhine, as it meanders through fertile valleys adorned with highly-cultivated farms, vineyards, churches, villas, and the palatial residences of the nobility. Beneath him lies the beautiful village of Melheim, to the left the ruins of Rollandseck and the islands of Nonnerswerth and Oberwinter, to the right the ruins of Godesburg, and, farther on, the city of Bonn, while in the dim distance the cathedral spires of Cologne point to heaven. As the eye turns from the river the scene is entirely changed. Hills elevated above hills, in endless succession of pyramids, until the eye turns for relief to the beautiful Rhine. The Rhine! The Germans fairy-land! His heaven upon earth! The semi-barbarous hordes who, centuries ago, inhabited the castles whose picturesque ruins strike the traveler with admiration and delight, are to him familiar friends. Their deeds of rapine, their deadly feuds, the scenes of battle, murder, and sudden death, in which their lives were spent, are to him the essence of chivalry. Truly, a more blood-thirsty set of villains never disgraced humanity. The peasantry who fed their flocks on the fertile hills, or lived in Arcadian simplicity in the valleys enclosed by them, had no rights which they held themselves bound to respect. Might made right, according to their creed, and their scanty flocks were laid under contribution at their pleasure, and even their wives and daughters torn from their arms to gratify the brutal lust of their masters. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art

technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
