

## Witch's Bell Book Two

An urban fantasy with everything from romance to mystery, The Witch's Bell Series follow a feisty witch, Ebony Bell, as she solves magical malady after magical malady. ... Ebony has had just enough time to pat her hair down and wipe the ash and magical residue off her heels, before yet another ridiculously powerful entity starts threatening her lovely little town again. This time she's a little distracted though. Sure, there might be something incredibly sinister going on underneath the streets of Vale. And sure, she keeps finding rather large, worrying gaps in her memory. But the Wizards are in town for their yearly get-together, and one of them just so happens to be the most handsome magic man she's ever seen. And he even wears fancy suits. But pleasant distractions aside, Vale has no intention of letting her sit this one out. Soon Ebony is chasing after monsters in the sewer, having tea with wanted criminals, and finding out just how to deal with a certain jealous detective. ~~~Odette C Bell is the author of over 40 books. Her titles range from light-hearted sci fi adventure, to up-lifting fantasy. ~~~
