

Patrick's Plight (Imperfect Porn Book 1)

Desperate for money because of a friend's medical bills, Patrick found himself contemplating something that he never thought he would do: gay porn. But, before he can even finish his audition, he's shown the backdoor and kicked out. Vance, the owner of the porn company, knows from the instant he sees Patrick that he and he alone should be the only one to ever touch the younger man. He tracks Patrick and offers him a job off camera. Patrick agrees, and the two men soon find themselves growing closer to each other. Will they be able to get through their insecurities, or will their story be over before it even began?
