

## Daring and Suffering, a History of the Andrews Railroad Raid Into Georgia in Full and Accurate Account of the Secret Journey to the Heart of the Confederacy, Vol. 2 (Classic Reprint)

It is far more easy to tell what the writer thought, felt and did, in the first person, than to resort to tedious circumlocution. As a large part of the interest of such a narrative must consist in describing the sensations experienced in passing through such appalling dangers and tremendous vicissitudes of fortune, it is clear that in a work of plain fact the writer cannot avoid making himself more prominent than his comrades. His own emotions and the incidents in which he participated will be indelibly engraven in his memory, while impressions received at second hand grow dim with the passage of years. It also happened that, in most cases where selection was practicable, the writer was made the spokesman of the whole party, and was thus brought into more frequent contact with both friend and foe. Many instances of this will be noticed all through the story. Great care has been taken in the citation of authorities. The writer has not hesitated to claim for his own notes and memories the full weight to which they are entitled, and has carefully indicated the sources from which he has drawn all other facts. In no portion of war history of equal magnitude is there more abundant material preserved both on the Federal and the Confederate (Typographical errors above are due to OCR software and don't occur in the book.) About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology. Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings.
