

## Oui 2: Scientific Archangelism, Writings 1933-1978

This second volume of Dalis collected essays range chronologically from his attempted takeover of the Surrealist movement in Paris, to his final years of celebrity in New York. Further developing his conception of paranoid-criticism, Dali expounds on fantastical subjects such as non-Euclidean psychology, spectral sex appeal, and the aerodynamics of blackheads. To this day, Dali continues to astonish, horrify, and amuse.
