

GoneGodWorld - Episode Four: Paradise Lot (Urban Fantasy Series #4)

Episode Four... The gauntlet has been thrown as Jean-Luc challenges the Avatar of Gravity to a one-on-one fight in the middle of nowhere. Jean-Luc doesn't know if he'll see the light of dawn and he doesn't care. There's only so much one human can endure. The exciting finale of Paradise Lot: Season One is finally here! The gods are gone. All of them. Their last message to humanity was: Thank you for believing in us, but it is not enough. We're leaving. Good luck. At first no one took them seriously. Until, that is, all the denizens of all the heavens and hells started showing up on people's doorsteps. Creatures that were once thought of as myth are now refugees striving to adapt to life on earth. Trouble is, after eons of living forever, they're not very good at being mortal. Caught in the middle is Jean-Luc, a struggling hotelier who (reluctantly) promised to help these Others live in this new GoneGod world. But taking care of his guests, keeping his hotel afloat and dealing with the constant drama of the Others' lives is figuratively killing him. And now that an unusually strange Other is in town, his figurative demise might soon become more literal. Paradise Lot is a new urban fantasy series by R.E. Vance that chronicles the adventures of the humans and Others alike, as they struggle to navigate this strange, new post-apocalyptic godless world. The Cast: - The human Jean-Luc; - The angel Penemue; - The gorgon Medusa; - The fairy TinkerBelle; - The archangel Michael; - The succubus Astarte; - The poltergeist Judith; - The shade Bella... and many, many more legendary characters from mythology, folklore and fairy tales.
