

Elemental Earth (Paranormal Public Book 7)

Golden Falls University in the New York countryside is a wonder to behold. When most of the junior class from Paranormal Public University, along with two chaperons - including Charlotte's boyfriend Keller - visit Golden Falls for the semester, their first impression is that it is an idyllic place. Golden Falls presents itself as completely opposed to darkness and violence, and at first Charlotte and her friends think they've found a sanctuary from the Nocturns. But a spate of murders, including two of their own Public classmates, changes everything. Between a course load that is staggering and a fight with darkness that is only getting darker, it's hard to see how Charlotte and her friends will make it through the semester unscathed.
