

Paranormal Public Omnibus Books 1-3

Step into a world filled with magic, romance, and adventure! Over 1,000 5-star reviews on Goodreads for the first three books in the series! Book 1: Paranormal Public One minute Charlotte Rollins is a normal girl, the next she's a freshman not at a normal college, but at Paranormal Public University, a school where paranormals of all kinds must co-exist. Her transition to this new and wonderful world is difficult. While Charlotte tries to learn magic, make new friends, and confront forbidden love, the demons - archenemies of the paranormals - are getting stronger. The demons are looking for something, and it turns out that Charlotte might just hold the key to finding it. Book 2: Elemental Rising Demons are beating at the protections surrounding Public, and inside the safety of the grounds is a new threat, an old resentment that has nothing to do with demons but is born of a much more personal pain. Now Charlotte and her friends must stand together to protect each other, even if they don't know from whom ... until it's too late. Book 3: Elemental Shining Battles come from every direction, and as the demons swarm Public it becomes clear that they want more than just the last elemental dead: they want to wipe out every paranormal, and they are within reach of a way of doing it. Charlotte is the only thing that stands between the paranormals and destruction.
