

Perceive (Katon University) (Volume 3)

Nicole Williams is determined to figure out how to Channel her magical abilities properly. In order to do so, she must travel to Moses Lake, WA, to work under the tutelage of Albert, an elderly man who owns a creepy manor and a cello that actually works for her. While visiting Albert, Nicole learns that a meteor has struck somewhere on his property, spreading a poison that infects the minds of anyone nearby, especially the family that lives closest to it. Hoping for answers, Nicole decides to read the possessed leather book that has called to her for several months. Through reading, she discovers that the meteor is not as random as once thought, and that her purpose for being at Moses Lake is much higher than just learning to Channel with the proper cello. Will Nicole be able to help the family and successfully complete the mission set out for her in the journal? Or will the poison destroy them all, including Nicole and her friends?
