

Earths Survivors SE1 (Earths Survivors Nation Series) (Volume 1)

Earths Survivors SE 1 contains the complete text from the first two Earths Survivors books, *Apocalypse* and *Rising From The Ashes*. It follows survivors of a worldwide catastrophe. A meteorite that was supposed to miss the earth completely, hits and becomes the cap to a series of events that destroy the world as we know it. Police, fire, politicians, military, governments: All gone. Hopes, dreams, tomorrows: All buried in desperate struggle to survive. From L.A. To Manhattan the cities, governments have toppled and lawlessness is the rule. The dead lay in the streets while gangs fight for control of what is left. Small groups band together for safety and begin to leave the ravaged cities behind in search of a future that can once again hold promise. Los Angeles: Billy and Beth start out with a small group and wind up on their own as they make their way across America trying to find others and safety. Manhattan: Adam leaves the safety of his apartment to find his way out the dying Manhattan, gathering others as he makes his way. Old Towne New York: Conner is alone for the first few weeks, but then he finds Katie and a reason to live again. They set out to survive and find much more than survival. Watertown New York: Mike Collins goes to sleep thinking about his first vacation in many years that he will start in the morning. He awakens to destruction. The Earths Survivors series of books follow the people that survive and set out to rebuild their lives. At first hoping only to make it day by day, but ultimately looking to the future and rebuilding a society where fear does not rule...
