

Princess (World of Diviners)

Edalene is a reluctant princess with a heavy burden upon her shoulders. Her future son is destined to become the next King. But when the King chooses a husband for her, she plans to run away rather than be forced into a loveless marriage. Trapped inside the palace for her entire life, Edalene has no idea what waits for her outside. Her attempt at escape is foiled by a would be assassin and she learns she is not the only one who opposes her marriage. Many in the kingdom do not want to see Edalene's family regain the throne and they are willing to kill her to prevent it. Now Edalene is faced with a choice: marry a man she has just met or risk her life in search of freedom.
