

Once Great but now Forgotten Nineteenth-Century American Landscape Painters: With Actual and Equivalent Auction Prices, 1946-2015

Short biographies of 19th century American landscape painters with auction prices from 1946-2015 that contain actual selling prices and also adjustments for current price values. The book also contains information on their art with pictures. Artists included are Thomas Doughty, Worthington Whittredge, Jervis McEntee, J. Francis Murphy, Henry Ward Ranger, Bruce Crane and Elliot Candee Clark. I believe this is the only work to contain full auction prices which are adjusted to current values.
