

Magicians of Night

After the death of his mentor, an apprentice wizard must fight to escape a world he doesn't understand.... When the wizard Jaldis heard the cry from beyond the Void, telling of a world where magic was dead and begging for his aid, he and his apprentice, Rhion, went to help. Crossing the Void takes all of their strength, and when Rhion awakes on the other side, he learns that the task is beyond them. Jaldis is dead, and the portal home gone with him. Now he is trapped in a place called Earth, in a nation beset from all sides by its enemies. The men who called him here need a wizard to save them, and though Rhion is but a novice, he will have to do. He may even find a way home, but only if he can find a way to serve this mysterious empire that they call the Third Reich.
