

## Reckoning At Rainrock (Lone McGantry Book 2)

Former Indian scout Lone McGantry is hired by Harriet Munro, a fiery woman lawyer seeking to make a name for herself on the western Nebraska frontier. Munro has taken the case of beautiful young Roxanne Bigbeea desperate fugitive fleeing a trumped-up murder conviction and a hangmans noose. But before she can appear for the re-trial that Harriet has arranged, Roxanne must be rescued from the current threatening situation her flight has placed her in. Its up to McGantry to get her out. Lone succeeds in returning Roxanne to Rainrock, the town where she was originally convicted and where the re-trial is set to be held. Faced with this, however, the town conspirators responsible for setting Roxanne up in the first place, mount another campaign to try and make certain the real truth never comes out. Before it is over, trusts will be betrayed, bullets will fly, lives will be lost, and McGantry must once again ride to Roxannes rescue until, within the stark, hauntingly empty reaches of the fabled Toadstool Badlands, scores are settled and a bloody reckoning is finally achieved.
