

## The Queens Dance (Emerging Queens)

Despite his handicaps outside his natural habitat, water dragon Remy Champ Champlain fights to protect Queen Margery from those who plot to quash her damaging news reports by silencing her...forever. He can never have her, but hell protect her with his life. After newly shifted sky dragon Queen Margery is rescued from smugglers by water dragon Remy Champlain, she debates whether to flesh out the story that nearly got her killed or embrace her royalty and build a court of protectors and studs. Sparks fly between Remy and her. He'd love her to give up her job and settle down hopefully with him but he can't fly and she can't swim, so their relationship can never get off the ground.
