

Return To Me

Anna Scott lives along on the coast of New England, enjoying the solitude that comes with Five Island Cove. Except she isn't always alone. Every year, as the weather warms, the seals return and so does her lover, a man who makes her as wild as an ocean storm, a man with magic in his soul. Cael is a selkie, an ocean-born shapeshifter. Unlike his brothers he has never forgotten his lover when he returned to the swells of the deep ocean. Every summer two lovers reunite, fighting the odds that the ocean will take away Cael's memory of being with Anna, and disobeying the unwritten law of his people to never reveal the truth of their lives under the waves. This summer, as they near the time to part again, Cael and Anna face a new threat, a tangible one as hunters arrive in Five Island Cove. Can their love last through even more secrets and danger?
